TEACHER WORKLOAD

The references in this bibliography are arranged according to various subheadings under the general topic of teacher workload, rather than according to the type of material cited.

Sources consulted in preparing this bibliography include the British Education Index (The Library Association), the Canadian Education Index (CCRE), the Cumulative Book Index (Wilson's), the Current Index to Journals in Education (CCM), the Directory of Education Studies in Canada (CEA), the Education Index (Wilson's), Education Studies Completed in Canadian Universities (CEA), Research in Education (ERIC), and Research Studies in Education (Phi Delta Kappa). The period covered is approximately 10 years.

Abstracts of material with an ED number may be found in Research in Education. If marked "Available ERIC," hard copy or microfiche copies may be purchased through the Education Document Reproduction Service of the ERIC system.

Material available from the CTF Library is asterisked.
